Migration Guides

Migration Guides

Welcome to the Migration homepage! Here you will find information on what to expect when starting on Trio. Here you will also find guidance on locating and identifying settings that can be moved to your new Trio app. Select the app you are moving from in the list below to get started.

Please use the navigation menu ☰, search bar 🔍, or the menu below to find the section you are looking for.

Trio 0.2.x

What to expect when upgrading from Trio 0.2.x to Trio 0.5 (or higher)

iAPS

What to expect when switching from iAPS to Trio 0.5 (or higher)

Loop

What to expect when switching from Loop to Trio 0.5 (or higher)

AndroidAPS

What to expect when switching from AndroidAPS to Trio 0.5 (or higher)
